

Dear Mr. and Mrs. Aust,

I cannot begin to tell you how much enjoyment I am receiving from my walk-in tub. I prefer the tub bath to a shower, but it was getting almost impossible to get in and out of the tub. Besides being painful, especially to my knees, there was the danger of falling. I feel so much safer with the walk-in tub. So many friends and neighbors have been by to see it, or have expressed a desire to do so. It is the prettiest feature of the bathroom; enjoyable and safe.

Thank you,

Mary Alice A.

Ken and Donna,

I was pleasantly surprised when Ken drove his pickup into my driveway and unloaded a Best Buy Walk-In Tub. Of course, no water, but I wanted to sit down in the tub. It was just what I wanted. My knees have been out more than I have, but at 88 years of age, I manage.

The tub was delivered and the plumbing and fixtures were installed with no problems.

The hydrotherapy jets are a pleasure. Thanks for making my life so much better.

Sincerely,

Inez M.

Dear Ken and Donna,

Thank you both so much for all the efficient and attentive service you gave us. We were amazed at your willingness to go way beyond normal business practices by being personally attentive to all details.

You were God's answer to our prayers - and they are always answered way beyond our expectations! Now our prayer is that your company will thrive and grow beyond your expectations.

May you always be blessed!

Dear Best Buy Walk-In Tub,

The walk-in tub which was installed by your company has truly accomplished a safe and comfortable bathing experience for my husband and me. My husband has Alzheimer's and needed a more secure way to bathe. Since he needs assistance from me during his bath this tub takes the stress off of my back. I suffer with Osteoporosis Osteoarthritis of the spine and need all the help I can get.

Thank you so much,

"... I had been having quite a bit of trouble bathing because of a recent health issue and I was becoming concerned that I might become a burden on my family. Installing a walk-in tub solved both problems for me. I can't thank you enough."

"...what's so positive about this whole experience is that the folks at Best Buy come in, get to know you, your bathroom space, your specific needs. Then, they don't just sell you a tub, collect

your money and leave. They clean out the old tub, tile and accessories and install the new tub, trim it out, and show us how to get the most out of it.

One phone call, one point of contact. The peace of mind that provides is just...you just can't put a value on it!"

"...I told a few of my friends at church that I had a walk-in bath tub installed in my home. I also told them that it has made a huge difference in my life and I don't regret a single penny I paid for it. In fact, the only regret I have is that I didn't hear of it sooner in life."

"...I was worried that I would have to knock out a wall or something, or that it would take a great deal of extra expense to prepare my home to receive the tub. But the installation was so easy and it fit right where the old one was."

I love my walk in bath tub, it has help so many of my aches and pains, after just my first bath I felt relief in my legs. I wanted to let you know that you are welcome to use me as a reference anytime. I also have no problem with you bringing potential customers to my home to see my installed tub. Thank you so much.

Ms. Bucy is thrilled beyond words. I have great praise for the installers.

They were patient, neat, kind, and respectful of Ms. Bucy and her house. We could not have asked for a better installation team for this project. The tub is fabulous and a real spirit lifter for Ethelene. Thank you so much,
